

**Zulal Water Technology signs contract with Akakus Oil Operations for
EPC of New Sewage Treatment Plant & Irrigation System at GOSP B,
NC -115, El-Sharara Field**

Tripoli, 2nd August, 2023

Zulal Water Technology (“ZWT”) announces the recent signing of an EPC contract with Akakus Oil Operations (“AOO”) to provide a New Sewage Treatment Plant & Irrigation System at GOSP B – NC-115, El-Sharara Field. The new plant will be manufactured by WCS Environmental Engineering based in Waterlooville, Hampshire – UK.

Akakus Oil Operations has been looking for well-proven technology capable of handling the sewage water in desert environment, and to reuse the water for irrigation purposes. AOO informs that ZWT has been selected based on ZWT’s competitive prices and best-quality equipment, besides their remarkable track record within Libyan market for on-time projects execution.

Iftikhar-ul-Haq, Managing Director of ZWT, commented: “Signing this contract reflects our strong reputation for bringing high-quality equipment with best project executions for our Libyan clients. Very recently, ZWT has completed on-time handover for an EPC project on New Sea Water RO Plant at Zawia for Akakus. We are confident of completing the El-Sharara sewage project within time frame and to our client’s satisfaction.”
